Subject: Addition of cUL mark for 400KH- and 400KHK series fuses

Our 400KH- and 400KHK series fuses have received Canada UL (cUL) recognition.
Additional contents will be added to our product label as follows:

1. Products affected:
400KH- series fuses
400KHK series fuses
2. Reason of the change
The products received cUL recognition.
3. Description of the change

Current product label

New product label

This logo changes to the US and Canada UL logo

4. Effect on products as a result of the change
(A) Except for the UL logo change, no change or effect on the fuses themselves or our UL file number.
(B) Most specifications that Hinode has already been providing to our clients do not include label information;
Hence no changes have been made. (For clients who have the specifications with the labeling information, we will make necessary changes upon request.)
5. Schedule of change
The new label will be on our products from the 1st of August 2016 delivery onwards.

**If you have any concerns regarding this change, please contact our office by January 29, 2016.
Non-contact will be understood as acceptance of the change.**

Thank you for your understanding in this matter.
Should you have any questions, please do not hesitate to contact us.
