Subject: Notice for the Counterfeits of HINODE Product

Dealing with counterfeits, we would like to announce important information.

We confirmed that the counterfeits of HINODE product exist on the market. (See below)

These counterfeits have been handled by non-authorized agency or Online store.

These counterfeits do not satisfy HINODE specification and product quality and may not protect your application when accident happens. In some cases, you get involved in illegal things without notice.

To avoid trouble, please be aware of when buying products from less-familiar stores or unreliable Website. We never guarantee any failures and damages caused by the counterfeit.

If you need information about sales channel or any other information, please contact our sales department.
